Agility Training

Bracing

- A wide variety available on request

Balance

- A Wide variety available on request

New Farmbike –B1

- Product Dimentions : 43cm X 43cm X 27cm, Weight: 5.5 Kg
- Electrical usage : 220V 13W 0.13 A
- Usage Time : 5 - 30 min
- Revolutions : 6-60 per min
- Automatic stop after 1 hour of continuous use

New Farmbike – B2

- Dimension : 70cm X 58cm X 81 - 101 cm
- Power : 220V/50W
- Timer : 1-10 minutes
- Rotation Frequency : 18 - 80 per min
- Wire lenght : 2.5 m
- Weight : 15 kg
- Automatic STOP protection system
- Close timer feature

Hand Therapy

- A Wide variety available on request

Laser Therapy

Astar High Power Laser

- Hi power output – 5 W
- Deep penetration
- Library of various protocols
- Suitable for small and larger treatment area
- Therapeutically highly efficient

Light Therapy

Photizo Sport

- Photizo® Sport is effective in treating pain and inflammation associated with overuse injuries, e.g. runner knee, shin splints, tennis and golfers elbow etc.
- Photizo® Sport stimulates healing, relieves pain, swelling
- Inflammation, reduces muscle spasms, and increases the blood and lymph vessel diameter, to ensure clearing of waste products and inflow of oxygen and nutrients in the areas treated.

Photizo Pain Relief

- It is useful for treating pain and inflammation associated with joint diseases such as all types of arthritis and gout.
- Photizo® Pain Relief reduces muscle spasms, and increases the blood and lymph vessel diameter, to ensure clearing of waste products and inflow of oxygen and nutrients in the areas treated.

Photizo Light Professional®

- Photizo® Light Professional all in one use.
- Photizo is available for use by professionals such as Physiotherapists and Veterinarians (Photizo Professional)
- NOW also for the home user in a small, portable unit which is easy to use (Photizo Home Care).

Lymph Drainage

Lympha Press Optimul

- 12 Channel Professional Lymph Drainage System
- Variety of garments and expanders
- It can run two garments at same time

Respiratory

Air Compressor

- Nebulisation capacity: ± 0.2 ml/min
- Flow: 6 - 8 litre/min
- Particle size: 0.5 - 10 μ m
- Dimensions: 30cm(L) x 18cm(W) x 11.5cm(H)
- Weight: 2.1kg

Ultrasonic

- Nebulisation capacity : 3ml/min max
- Medicine chamber capacity : 100ml
- Particle size : 1 - 5 μ m
- Dimensions : 30(L) x 15(W) x 21(H)cm
- Weight : 2.8kg
- Timer 0-60min

Hospital Grade Ultrasonic

- Nebulisation capacity : 4ml/min
- Particle size : 1 - 5µm
- Medicine cup capacity : 50ml max
- Dimensions : 30cm(L) x 18cm(W) x 27cm(H)
- Weight : 4.2kg
- Timer 0-60mins

Power Massager Thrive

This massager combines a vertical motion with an irregular rotary motion which raises massaging effects. This product can clear blood vessels, the twigs of the capillary vessels in particular. Blood circulation will be promoted immediately and vibration relives your muscle from fatigue . The vibration also reduce Phlegm in your lungs. 3 interchangeable heads soothe all areas of the body and vibrating massage. Speed 2500rpm – 3800rpm

REFRIGERATORS & FREEZERS

Dometic TCW 3000

- The TCW 3000 AC exists as ice lined vaccine refrigerator
- It works at a pre-set set point of 5°C that cannot be changed by the user
- The same model is available as a vaccine freezer (DC)
- The freezer works at a pre-set set point of -20°C that cannot be changed by the user
- The 2 models are exactly the same, except that the freezer includes no ice lining
- By changing the set point and removing the water packs, you can change the refrigerator into a freezer
- Capacity: 150 litre (AC) and 109.5 litre (DC)
- Holdover facility of 48 hours

Minus 40 B130/10/220

- Refrigerator and freezer
- Width: 680mm
- Length: 650mm
- Height: 1 300mm
- Ice pack freezing: 8kg / 24hrs
- Temperature: 2 - 8°C (fridge), -12°C to -10°C (freezer)
- Capacity: 130 litre (fridge), 30 litre (freezer)
- Holdover time: 48 hours to +10°C in 32° ambient temperature

Minus 40 B200/40/220

- Refrigerator and freezer
- Length: 650mm
- Height: 1 710mm
- Ice pack freezing: 8kg / 24hrs
- Temperature: 2 - 8°C (fridge), -12°C (freezer)
- Capacity: 200 litre (fridge), 40 litre (freezer)
- Holdover time: 48 hours to +10°C in 32° ambient temperature

Shockwave Therapy

- Action Head: Radial
- Dimensions: 50x102, 7x46 cm
- Control via touch screen graphics technology 12,1", resolution 600x800 pixels
- Patient database with expandable memory
- Encyclopaedia treatments dictionary pathologies, anatomical illustrations and photographic guide to treatment
- Set frequency: 1-22 Hz
- Setting pressure: 1-5 Bar
- Maximum positive pressure: 28 MPa
- Energy density: 0.68 mJ / mm
- Number of shock therapy: 0-9.999 shocks
- It has two independent outputs allowing connection of two applicators
- Includes 4 sets of change heads.

Shockmaster 300

- Small and lightweight
- Silent built-in compressor
- Perfect viewing angle for you and your patient
- Parameters can be set quickly and easily using the large operating buttons
- Clear representation of the treatment time on a colourful illuminated bar
- Safe and simple way of putting the hand piece down: a protective mat

SUCTION UNITS

Askir 30

- Mobile and portable with a weight of ± 3.6 kg
- Also available as table device
- Mains-powered device
- Used for minor surgeries as well as nasal, oral and tracheal aspiration
- Maximum 120 minutes operation time, then 60 minutes cooling time
- Ideal for the home as it is light to transport
- Satisfies all current norms and EU safety standards
- Comes with a 1 litre autoclave able plastic collection jar, overflow valve, suction control, vacuum display, connection tube, suction catheter and antibacterial filter
- The stand model comes with 2 x 2 litre autoclave able plastic collection jars

Hospivac 350

- New Hospivac 350 is a surgical aspirator working with 230V ~ / 50 Hz network electricity
- Four antistatic wheels with two brakes and a movement handle
- Easily moveable and designed for virtually continuous use
- The product is supplied with 2 x 2 litre polycarbonate autoclave able jars with overflow valve
- Equipped with aspiration regulator and vacuum indicator located on the front panel
- Power consumption: 230VA
- Fuse 1 x 4 A 250V
- ISO 10079-1 High Vacuum/High Flow
- Maximum suction aspiration: -0.90 Bar
- Maximum suction flow: 60 l/min
- Dimensions: 460mm(l) x 600mm(h) x 420mm(w)

Tens & EMS

Itouch Easy

- Seven Preset programmes
- Dual Channel with independent intensity controls
- Powerful output 90mA
- Large LCD Display
- Safety interlock with LCD indicator
- Integral treatment timer and Patient Compliance memory
- Low battery indicator
- Neck cord

Itouch Tens

- Seven Preset programmes
- Dual Channel with independent intensity controls
- Powerful output 90mA
- Large LCD Display
- Safety interlock with LCD indicator
- Integral treatment timer and Patient Compliance memory
- Low battery indicator
- Detachable belt clip

Tenscare T.E.N.S Sport 2

- Li-ion mobile phone style battery
- Power - 99mA into 1kOhm - enough for the largest muscles
- 2 fully adjustable manual muscle stimulation programmes
- Active rest in muscle stimulation programmes
- 10 preset and 2 manual TENS programmes
- 10 massage programmes
- Special massage programmes for swelling reduction
- Detailed usage memory

Socks

- The conductive sock provides stimulation to the entire foot and ankle to increase blood circulation, reduce swelling and relieve pain.

Hand

- The conductive gloves are excellent for use in treatment of Carpal Tunnel Syndrome, arthritic pain and post-operative swelling reduction.

Traction Units

Vertetrac Portable 3 D Traction

- Vertetrac's lumbar ambulatory decompression system is an innovative and cost-effective approach to treating Lower Back Pain and Sciatica
- Vertetrac aims to bring relief to people suffering from lumbar spine related injuries and disorders, including herniated discs, lower back pain, and Sciatica as an alternative to surgery, body braces, or decompression table treatments
- Outperforms traditional traction by combining decompression with horizontal force to enable simultaneous 3D decompressive traction therapy

Matress Traction Kit

- Aluminium frame
- Included with 9kg weight bag, 33cm spreader bar, traction cord and traction bracket
- Adjustable Velcro head halter and a steel pulley support

Treatment Equipment

Fusion 2 Section Electric Bed

- 5cm High density foam
- Height adjustable by Hand or Foot switch
- One Electric Linak Motor
- Retractable Wheels
- Manual backrest +70°
- 3 years warranty for frame

Fusion 3 Section Electrical Bed

- 5cm High Density Foam
- Height Adjustable by Hand or Foot Switch
- One Electric Linak Motor
- Retractable Wheels
- 3 Years Warranty for Frame

Fusion 5 Section Electric Table

- 5cm High density foam
- Height adjustable by Hand or Foot switch
- One Electric Linak Motor
- Retractable Wheels
- Manual backrest +70°
- 3 years warranty for frame

G2 Duo

- The basis for comfortable and safe receipt of your clients.
- The long back piece supports a sitting position.
- Your client is optimum involved in the treatment.

Thermalator (Hydrolocator)

- Whitehall Thermalators maintain a constant water temperature and come standard with exposed heating elements.
- These units provide for comfortable and effective moist heat therapy, promoting both easy cleaning and safety.
- The tank body, lid, bottom and tank housing are all made from type 304 stainless steel for years of trouble-free use.
- Temperature sensor.

Trolleys

- 2 Tier Trolley
- 2 Tier Trolley with basket
- 3 Tier Trolley
- 3 Tier Trolley with basket

Ultrasound Units

Astar Sonaris Ultrasound Unit

- Unit is available in two versions:
- S – version co-operates with two types of ultrasound heads:
- Effective radiation area of 4 cm², generating ultrasound wave with frequency of 1 MHz or 3,5 MHz,
- Effective radiation area of 1 cm², generating ultrasound wave with frequency of 1 MHz or 3,5 MHz.
- M – version co-operates with one type of ultrasound head:
- Effective radiation area of 4 cm², generating ultrasound wave with frequency of 1 MHz.

X-RAY EQUIPMENT

X-Ray Viewing Box

- Single: 465mm x 390mm x 135mm
- Double: 465mm x 610mm x 135mm
- Triple: 465mm x 920mm x 135mm
- Quadruple: 465mm x 1220mm x 135mm

Please note that we are not restricted to above mentioned equipment.
